

Professional Conferences

Driving forward Health Visitor leadership in practice in your region.

Each free* regional professional conference will:

- **Develop** the health visitors of the future, **building confidence in the profession**
- **Equip** and **inspire** health visitors as **leaders of change and integration**
- Focus support to **health visiting embedded** in family and public health
- Provide **evidence-based practice** for health visitor leadership and deliver evidence-based practice for **improved health outcomes** for children and families
- **Evaluate the impact of effective health visiting leadership**

Programme includes

- National speakers
- Opportunity to discover the essential tools the iHV has produced for health visitors' professional development and support through the **Making the Most of Health Visitors*** programme
- Selection of Masterclasses
- Marketplace to learn and share
- Networking with professionals within the field
- CPD certificate of attendance
- Refreshments during the day including lunch

*The Making the Most of Health Visitors programme is developed by the Institute of Health Visiting, funded by Health Education England and endorsed by Lisa Bayliss-Pratt, Director of Nursing, Health Education England.
