

SOUTHEND RADIOLOGY

Long Case and Rapid Reporting FRCR 2B Course

4th and 5th March 2017

Previous feedback:

“Excellent range of cases. Well structured. Good explanation of difficult cases. “

“Good realistic cases with range of pathologies. Tips for rapid reporting.“

“Excellent course.”

“Good practise with good quality long cases on Osirix. Excellent feedback on each case.”

“Friendly tutors”

“A good mix of 'Aunt Minnie' Long Cases with some more obscure cases that make you think. “

Venue:

The Ashley Brown Education Centre, Southend University Hospital, Prittlewell Chase, Southend-On-Sea, Essex SSO 0RY

The written component of the FRCR 2B exam is often the Achilles' heel of many candidates. Our intensive course will help you hone in your skills and practice on tests that are set at the level of the FRCR 2B exam. All examinations will be marked and detailed feedback provided with tips and tricks to get those valuable extra marks.

Aimed at: FRCR 2B candidates

2 Day Course Contents (full programme overleaf):

- 6 + 1 (Paeds) Sets of Long Cases
- 6 + 1 (Paeds) Sets of Rapid Reporting
- Osirix Based
- All Exams Double Marked
- Comprehensive Feedback

Applied for CPD points

Previously awarded 7 RCR CPD points for one day

Only 10 Places Available (reserved on payment)

COURSE FEES - Including lunch and refreshments:

£150 for one day

£250 both days (includes bonus Paeds Rapid Reporting and Long Case set)
