Simulation Courses

SCAMPS Sick Children Acute Multi-Professional Simulation

Multidisciplinary training for all those who manage acutely unwell or critically injured children. A full day of simulated practice at managing paediatric emergencies. Work as part of a team alongside your colleagues in our high-fidelity simulation suite - exactly as you do in real life!

Suitable for paediatricians, paediatric nurses, A&E doctors and nurses, recovery nurses, critical care doctors and nurses, anaesthetists and operating department practitioners (ODPs).

Featuring:

- High-fidelity paediatric scenarios commonly encountered in the DGH
- Delegates perform in their own roles as part of a multidisciplinary team
- Structured debrief on both clinical and human factors, highlighting effective team skills
- SCAMPS is about learning, not assessment

Location

Postgraduate Medical Institute
Anglia Ruskin University, Bishop Hall Lane,
Chelmsford, Essex, CM1 1SQ

Delegate Registration

HEEOE Paediatric and Anaesthetic trainees are fully funded to attend SCAMPS. Please contact pmievents@anglia.ac.uk for more details.

Nurses/ODPs: £100. Funded places may be available via your trust. Please contact pmievents@anglia.ac.uk for more details.
