

Simulation Courses

Trache TIPS Tracheostomies Training and InterProfessional Simulation

All you need to know about tracheostomies. Interactive lectures, small group workshops and high fidelity simulation.

Featuring:

- Interprofessional learning in our high fidelity simulation suite
- Rehearse your clinical skills as part of the multiprofessional team, with feedback in a supportive learning environment
- Tracheostomy emergencies
- National Tracheostomy Safety Project algorithms and techniques
- Emergency Cricothyroidotomy and Surgical Airway

Suitable for:

- ENT/Max Fax doctors
- ENT/Max Fax nurses
- Physiotherapists
- Anaesthetists/intensivists
- Operating department practitioners (ODPs)

Location

Postgraduate Medical Institute
Anglia Ruskin University, Bishop Hall Lane
Chelmsford, Essex CM1 1SQ

Delegate Registration

HEEOE Anaesthetic/ICM & HEEOE ENT/Max Fax trainees are fully funded to attend Trache TIPS.

Please contact pmievents@anglia.ac.uk for more details.

Nurses/Physio/ODP: £150. Funded places may be available via your trust.

Please contact pmievents@anglia.ac.uk for more details.

To ensure an interprofessional learning experience limited places are available for each specialty on each course date. Places are limited to a maximum of four ENT/Max fax doctors, four ENT / Max fax nurses or physiotherapists, four anaesthetists/intensivists and four ODPs per date.
