 Notes (eg reason for outcome):

Learning Agreements

You must have one Learning Agreement for each six-month placement. All four parts of the Learning Agreement must be completed and signed off by you and your AES before the ARCP Assessment Panel. Prior to your mid-point and final review with your AES, your Clinical Supervisors need to complete a Multi-Consultant Report (MCR). You must also complete a self-assessment MCR using the same ISCP format as the Clinical Supervisors. At your objective setting, plan with your AES when each part will be completed and set dates to meet:

Objective Setting:	Should be completed within the first 4 weeks of each placement.
Mid-Point Review:	Should be completed before the mid-point of each placement (i.e. 31 October for the first 6-month post or 30 April for the second 6-month post).
Final Meeting:	Should take place towards the end of the placement but must be completed before your ARCP evidence submission deadline date.
AES Report:	This must be completed before your ARCP – you can do this at the same time as your final meeting. You cannot receive a satisfactory ARCP outcome without this being fully signed off.

PLEASE NOTE: All parts of all Learning Agreements must be completed and signed off before your ARCP Assessment panel.

- * For ARCPs occurring before 1st June 2024 we strongly advise you complete final MCRs and LAs. These are mandated for CT2s who wish to CCT on this occasion.

WBAs

Please enter the number of each type of WPBA you have completed **and validated** in each post. **Remember:** it is strongly recommended you complete a minimum of 3 CBDs, 3 CEXs and 3 DOPS and/or PBAs **each six months** (of which 50% of the minimum number of each type must be validated by consultants). **You should aim to complete a minimum of 3 DOPS / PBAs for most of the index procedures on the ST3 Preparation Module checklist before the end of CT2.**

You must complete one MSF per year. You must complete at least one Observation of Teaching and one Assessment of Audit during Core Surgical Training.
