Primary Care Teamwork

11.45-12.45

Acorn, Priory Fields, Buckden	Spinney, Cromwell Place, Alconbury,	Cedar House, Kimbolten Eaton Socon	Ramsey, Papworth Chatteris,
Shivani, Sarjan, Alina, Kishore, Juliet, Damita Hazel ,Greg, Amman,	Uma, Emma, Zarko, Hannah, Anum Andre, Saket, Annika, Kate, Izibeya	Adeola, Zorha, Jaideep, Sisi, Aminah Neil, Uju, Saba	Shue, Annaliesa, Ram, Ben, Inna, Anna, Vivek, Marilyn

- Allocate the following primary care team roles and then divide into pairs:
Receptionist, Practice Manager, Secretary, Administrator, Practice Nurse, Health Care Assistant, Health Visitor, District Nurse, Macmillan Nurse, Midwife, Pharmacist.
- Consider what you would want from an ideal team-working GP.
What things do GPs do which might irritate you?
What are your barriers to good team working?
How would you handle issues of confidentiality?
- Flip chart discussion of these qualities
- What is good about teamwork and what could be better in the practices you have observed

Facilitator - Becca	Facilitator - Clare	Facilitator - Emma	Facilitator - Lynda

Your task as a group is to review and edit the 'Top Tips' guide to each of the post. The current incumbent of the post could act as scribe.

Refer to the 'abbreviated curriculum statements' for each specialty and incorporate those that can be realistically covered in each post

Suggestions for ways in which post could be improved while still providing the required service commitment are also welcome
