

Appraisal for Doctors, Preparing your PDP & Reflecting on your Practice

3 CPD accredited.

Introduction

As the name implies this programme is aimed at helping Doctors understand the revalidation process and the accountability of the various roles involved. The Webinar goes through this process in depth and focuses on developing reflection skills of the participants, as part of the process and in their role as a Doctor.

Course Structure

- 4 – hour live webinar
- **Date: Thursday 23rd January 2025 - timings: 1:00pm - 5:00pm**
- To book your place on this course please use the Eventbrite link below:

Course Objectives

- Understand the purpose of Medical Appraisal for Revalidation: the roles and responsibilities of the RO, the Doctor, the Designated Body and the GMC.
- Consider the preparation required from both parties prior to the annual appraisal meeting
- Consider the inclusion of “summative” elements within the appraisal process
- Develop the skills to write a meaningful Personal Development Plan and understand how this is an essential part of the appraisal process
- Consider the proposed output statements of appraisal to ensure that the appraisal process is successful
- Reflecting on your practice
