

Simulation Courses

COSBART Continuing Scenario Based Anaesthetic Resuscitation Training

Refresh your skills and knowledge with Continuing Scenario Based Anaesthetic Resuscitation Training in our high-fidelity simulation suite.

Featuring:

- Practice at managing simulated critical incidents and resuscitation scenarios specifically drawn from anaesthesia
- Review of management strategies as per national and local guidelines
- Feedback on practical and human factor aspects
- ALS update to satisfy MEHT and Ramsay Health mandatory training requirements

Location

Postgraduate Medical Institute
Anglia Ruskin University
Bishop Hall Lane
Chelmsford, Essex, CM1 1SQ

Delegate Registration: £150. To book please visit the Anglia Ruskin Online Store at store.anglia.ac.uk (go to Postgraduate Medical Institute Conferences & Events under Conferences and Events).

Please note that bookings for this course are restricted to consultant anaesthetists only.
