

# FICE & CUSIC / FAMUS

25<sup>th</sup> & 26<sup>th</sup> April 2019

Where: The Hub, Wisemore Campus, Walsall College, Littleton St W, Walsall  
WS2 8ES

Fees: £200 for each day

Booking: [spesian@gmx.de](mailto:spesian@gmx.de)

Director: Dr Siamak Pesian, EDEC, EDRA, CFEU

The courses are standalone days, you may attend either or both

## FICE

25<sup>th</sup> April 2019

*This course will introduce the candidates to level 1 critical care transthoracic echocardiography.*

*The Course is fully FICE approved and the course attendance can contribute towards FICE accreditation. The faculties are all experienced cardiologists, FICE mentors and echocardiographers. The focus of the day is very much hands-on practise in small groups using live models and real case studies.*

*As part of the FICE pre-course learning, you need to complete the ICE-BLU module online.*

- *An introduction to ultrasound physics and machine "knobology"*
- *Learning and practising the 4 basic transthoracic views*
- *A beginners' guide to common pathology in critically ill patients*
- *How to recognise different haemodynamic states*
- *Lots of hands-on experience*
- *A chance to start your FICE logbook*

## CUSIC / FAMUS

26<sup>th</sup> April 2019

*We are pleased to introduce our new CUSIC course which will be the first step to becoming an accredited CUSIC provider.*

*Point-of-care ultrasound is increasingly acknowledged as a valuable tool for rapid and effective decision making, diagnosis and follow-up of the critically ill or injured patient.*

*This course will give the participant the opportunity to gain basic competencies in abdomen/lung ultrasound.*

*As part of the Lung pre-course learning, you need to complete the ICE-BLU module online.*

- \* *An introduction to CUSIC and physics of Ultrasound*
- \* *Introduction of chest Ultrasound (BLUE protocol)*
- \* *Pneumothorax/consolidation/effusion detection Abdominal free fluid detection*
