

Dear doctor,

Roll out of TIS Self-service

Health Education England is delighted to announce that following successful testing, we will be rolling out TIS Self Service (TSS) and your upcoming ARCP is going to be included in the phase of our roll out plans. Going forward you will be expected to submit your Form R through the TSS system, further details are below.

We are working hard to improve processes for our post graduate doctors in training and our recently developed TIS Self Service system synchronise to the main Trainee Information System (TIS) where all your training data is stored.

As part of this phase, you will be able to complete your Form R parts A and B, as well as the Covid19 self-declaration form. TSS will also give you access to the information we hold about you, including your training programme and placements.

This can be done at your convenience using desktop, laptop or your mobile devices, and you can have peace of mind that your information is secure thanks to the extra security step we have introduced when you login.

How to use the system

To help get you started we have set out some key information you will need to get you up and running. You will need to set up an account in TSS by following the below sign-up process. You will only need to do this once for the initial set up. **Please use the email address you received this communication on to sign up.** If this is not the email address you want HEE contacting you on, please contact tis.eoe@hee.nhs.uk so we can update TIS.

Once you access the system, you will need to submit your ARCP Form R (parts A, B and Covid 19 self-declaration) using the digital Form R, included as a core part of TSS. Please note that you will no longer submit Form Rs outside TSS, if you have any issues, please contact tis.eoe@hee.nhs.uk.
