

UNIVERSITY OF CAMBRIDGE

INTRODUCTORY COURSE ON THE BIOLOGY OF THE SKIN

Monday 4th – Friday 8th December 2017

Starting at 10am on Monday 4th December 2017
and ending with lunch at 12.30 on Friday 8th December 2017

This is an annual residential course, primarily intended for Dermatologists in training and it will include references to clinical Dermatology, it will also be of interest to other practitioners and scientists, all welcome.

Participants will be resident in Downing College, Cambridge which offers modern, single study-bedrooms, all with en-suite facilities.

Registration fee: £995.00
Credit card payment accepted

The fee covers the cost of all meals (except the evening meal on Wednesday 6th December 2017 and lunch on Friday 8th December 2017) accommodation from Monday 4th December 2017 to Friday 8th December 2017. A wine reception on Monday evening, Walking Tour of Cambridge on the Wednesday afternoon and a Conference Dinner on Thursday 7th December 2017 in the evening are also included in the price.

A limited amount of accommodation will be available on the Sunday evening prior to the course for an additional cost.

Below are the topics we hope to cover (all topics and speakers TBC)

Cells of the Skin and Staining Techniques
Stem Cells
Blood Vessels of the Skin
Biology of Psoriasis
Bacteria and the Skin
Keratins
Skin Pigmentation
Antibody Medicated Autoimmunity in the Skin
Bacteria and the Skin
Urticaria
Viruses and the Skin
Immunosuppression & Skin
Nails
Oncological Management of Skin Cancers
Genetics and the Skin
Inherited Connective Tissue Disorders
Bites and Ectoparasites
Molecular Biology and the Skin
Biology of Collagen Vascular Diseases
Ultra Violet Radiation and the Skin
Biology of Cutaneous Lymphoma
Lymphatics
Hair
Mechanisms of Skin Carcinogenesis
Genital Skin
An Update on the Pathogenesis of Atopic Eczema
Growth Factors of the Skin
Wound Healing
Fungi and the Skin
Keratinocyte Adhesion / Dermoepidermal Junction
Mouth
