

East of England Clinical Academic Internship

Combining a career in research and clinical practice

in partnership with Birmingham Health Partners

Are you a Midwife, Nurse, Allied Health Professional, Pharmacist or Health Scientist considering a clinical academic career? Would you like to gain experience of the academic world whilst gaining exposure to the research environment?

More information:

The internship programme is designed to assist successful applicants to provide a starting point on a clinical academic career pathway and to acquire pre-Master's level experience in research methods, service improvement and innovation across many domains, including:

- Exposure to a range of research methods and applied research interventions;
- Experience of innovation in care delivery and service development;
- Implementation and evaluation of innovation;
- Opportunities to work alongside and to be supervised by recognised clinically-focused research leaders and role models;
- Exposure to new models of care

If you would like to take part in the programme please send your application to

Hayley.Peacock@hee.nhs.uk by Monday 17th July
