

MAGIC: MANAGING ILL CHILDREN

Course Lead:	Dr Helen Bailie, Consultant Paediatrician
Cost:	£25 East of England Paediatric trainees, £180 external
Location:	Simulation Centre, Addenbrooke's Hospital, Cambridge
Timings:	09:00 – 16.30

Content

The course includes:

- Introduction to the simulated environment
- Exposure to simulated paediatric and neonatal emergencies
- Debrief/feedback sessions

This course is a development in paediatric simulation teaching at the Addenbrooke's Simulation centre. Paediatrics is an ideal field for simulation and with the advancement in technology, high quality neonatal and paediatric manikins are now in use. Consultants from acute paediatric specialties act as faculty.

2018 Dates

10th October
7th November
21st November

Audience

The course is one full day and is aimed at trainee paediatricians. It can be taken once during ST1-4 and again during ST5-8.
