

Cambridge Critical Care Conferences at Papworth

Organ Donation – Future Prospects in Cardiothoracic ICU

Wednesday 1st November 2017 @ 6:00pm
Lower Lecture Theatre, Papworth Hospital

Speaker: Dr Dale Gardiner
Deputy National Clinical Lead for Organ Donation
Nottingham University Hospitals

Dr Gardiner has been a Consultant in Anaesthesia and Intensive Care since 2002. He has a subspecialist interest in Neurocritical Care and major trauma management, as well as the development of intensive care training and systems. In the last few years he has been involved in the Cambridge-Yangon Trauma Intervention Project which is aimed at delivering sustainable education in the management of major trauma. Specifically he has been involved in designing and developing intensive care systems for major trauma in Yangon within this project.

Refreshments provided from 17:45
Free for NHS Staff in EoE - £50 for non-NHS/non EoE
