

If you wish for East of England to be a GMC sponsor for your MTI trainee, we are happy to help.

We are an accredited sponsor for all specialities except Foundation and GP.

At EoE, we do not charge Trusts or doctors for our services.

We do not fund doctors' access to ePortfolios.

If you wish for us to sponsor a trainee, please send the following to england.mti.eoe@nhs.net:

- CV with contact details
- Passport (photo page)
- Conditional job offer letter
- References x2 (need to cover the last 3 years/5 years if OOP)
- Primary medical qualification*
- Postgraduate medical qualification*
- OET/IELTS (up to 2 years old)*
- Interview notes**

* We realise that not all Trusts collect these. Please send us what you have and we will request for the rest directly from the doctor.

** If available

If you have a vacancy and no doctors, please contact us at england.mti.eoe@nhs.net. We regularly interview doctors in various specialities and would be keen to help you find the right trainee for the role.
