Last Study Day	Friday 28 June
----------------	----------------

Quality Assurance Records

Attendance Register is kept at Peterborough City Hospital, Learning Centre

Evaluation forms are used to receive feedback for speakers and the TPD

CPD certificates are issued in line with GDC Guidance. GDC development outcome framework is referred to in the programme.

Reflections from each study day are to be documented in the ePortfolio.

Friday 17 May

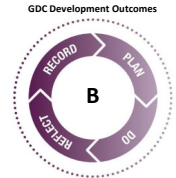

Clinical Skills Laboratory, Learning Centre

Morning Session

CPD = 3 Hrs

09.30 **Prevention of Back Problems for Dentists**

Mr Craig Hendy.
Clinical Specialist Physiotherapist

It is not uncommon for Dentists to suffer muscular-skeletal problems particularly back issues.

This morning will be very much about how to prevent these issues occurring in the first place.

This session will be provided by a physiotherapist from Peterborough City Hospital.

Objectives

- *To demonstrate and instruct on numerous exercises suitable for dentists.*

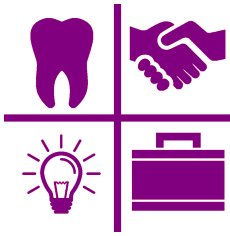

Learning outcomes

- *The FD will know about the different forms of exercises that can help prevent back problems for the future.*

FDs should wear comfortable clothes today as there will be some exercise included in the session.

JEFF HILSON

Friday 17 May

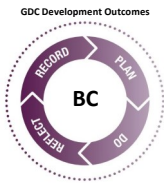

Clinical Skills Laboratory, Learning Centre

Afternoon Session

CPD = 3 Hrs

14:00

Digital Dentistry

Dan Schaffer

GDP

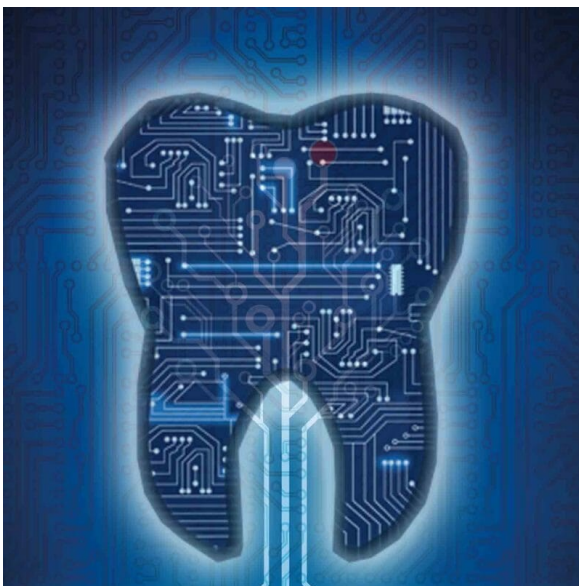

This session will provide you with an introduction to Digital Dentistry such as using digital tools and technologies..

Objectives

- Equip FDs with the knowledge and skills to engage with and implement essential digital technologies and work flows.
- Give an insight into contemporary digital technology, highlighting the dental practice work flow issues and present successful everyday examples of applying digital dentistry to a contemporary general dental practice.

Learning outcomes

- Recognise the importance of digital integration in contemporary dental practices
- Identify cost, risk and benefit integration
- Evaluate and assess how digital technology could benefit your practice.

17:00

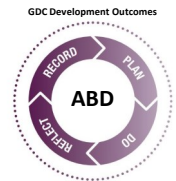

Close

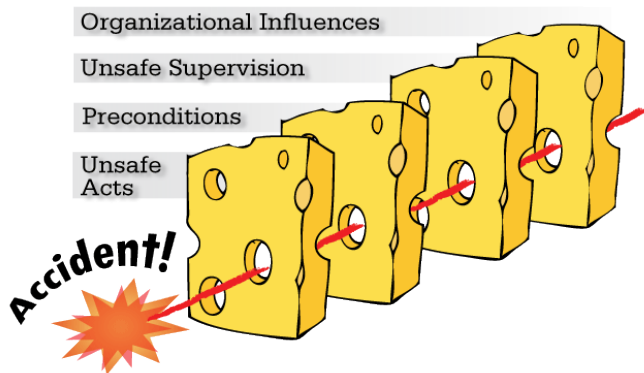

Morning Session

CPD = 3 Hrs

09.30 Dento-Legal Risk Management

Uday Patel
Training Programme Director

Every patient contact poses a risk for you as their dentist.

This session will explore the variety of risks and how to manage them.

How can we learn from our experience and also from colleagues to minimize risks?

Objectives

- Group discussion of a variety of real life scenarios covering clinical risk management.

Learning outcomes

- Ability to put in place clinical risk management strategies.

11.15 Ethical Dilemmas

Uday Patel
Training Programme Director

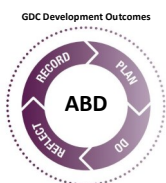

As a dentist you will encounter many ethical dilemmas throughout your career, which will pose challenges. This session will help you understand common dilemmas so that you are better able to reach justified decisions.

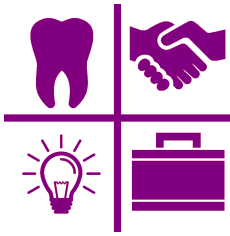

Objectives

- Group discussion of a variety of ethical dilemmas .

Learning outcomes

- Understand the challenges posed by ethical dilemmas
- Ability to work through ethical dilemmas to reach sound decisions..

Friday 24 May

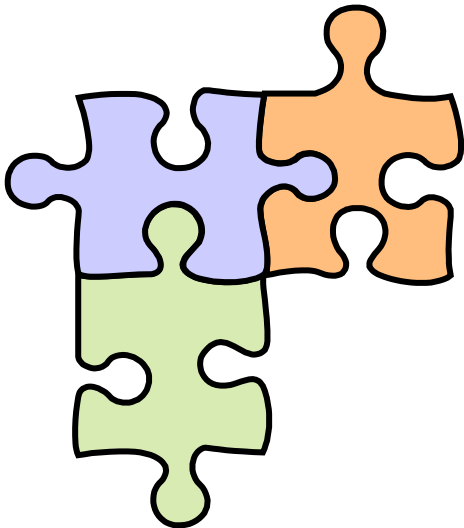

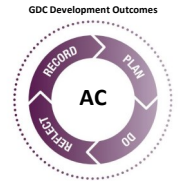

Clinical Skills Laboratory, Learning Centre

Afternoon Session

CPD = 3 Hrs

13:30

The Missing Session

FDs

Aims

This session will seek to cover some of the topics that we have not had a chance to explore over the rest of the day release scheme sessions:

Each FD will present a 10 minute educational session on their desired topic. The aim of this session is to find out which topics the FDS would like to cover in more detail.

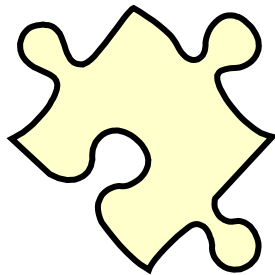

Objectives

Each FD will:

- *Describe the educational needs of the 2019-2020 Foundation Dental intake.*
- *Take the opportunity to improve their presentation and communication skills*

Learning outcomes

- *Recognise the learning needs of their peer group*
- *Assess the learning required by their peers*

Close 16.30

FDs should

1. Nominate a lead to collate topic information and forward this to the TPD and Administrator
2. Liase with each other to make sure there is no repetition of the topic they have chosen (first come—first served!)
3. Produce a 10 minute educational session that will help to fill the identified educational need. Can be interactive and need not be PowerPoint.

No Day Release Course

Use today as an opportunity for you to work on your portfolio or check out the East of England Intrepid Course Manager to see if there is a course of interest to you. Don't forget to record any meetings attended in your Portfolio.

Alternatively you may wish to attend the British Dental Conference and Dentistry Show.

Welcome to the East of England Course Manager

This system is designed to allow easy booking and management of Dental Postgraduate Education and Training commissioned by the East of England Multi Professional Deanery.

Please check the Courses page for a full list of current and future courses available.

We highly recommend that you book yourself a place on a course before attending. Courses may be fully booked and/or resources may not be available. The PGEC Administrators will not permit admission.

Notification of login details will be emailed upon registration to the system. Please ensure you have checked SPAM folders if you are currently awaiting emails. You must be **Registered** and **Logged On** to book on to an **Event** see instructions at the bottom of this page to Register.

The Course Manager is based on a system of

1. **Courses** ie the content
2. **Events** ie where and when an instance of the course will be delivered

a. First click on **courses** in the dark blue bar above and search for the type of course you need. Events delivering that course will be shown at the bottom of the screen

b. Click the **Event** you wish to attend and follow the on screen instructions.

You can if you wish click on **events** in the dark blue bar this will allow you to search for events on a particular date

There may be more than one page of Courses or Events; if there are, the number of pages will be at the bottom of the screen

Friday 7 June

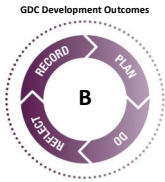

Denis Bracey Room, Learning Centre

Full Day

CPD = 6 Hrs

09:30

Accountancy and Pensions for the Self Employed

Richard Keeler

Chartered Accountant, Lovewell Blake

Many FDs will soon become self-employed dental associates. This transition involves accounting for earnings received from the Practice and needless to say there will be associated paperwork and record keeping involved. Today we have an accountant who will talk and discuss on the subject of accountancy for dentists.

HM Revenue & Customs have a learning module specific for dentists. This link is http://www.hmrc.gov.uk/courses/syob2/thp_d/index.htm

Whilst it may seem a long way off from receiving a pension it is never too early to start planning and paying your contributions.

Objectives

- *There will be presentations, discussions and activities to gain information on accountancy matters that will better prepare FDs for the year ahead.*

Learning outcomes

- *Understand and prepare for the record keeping of earnings required for HMRC and learn about some financial aspects to practice.*
- *Understand pension implications for dentists*

*Lovewell
Blake*
CHARTERED ACCOUNTANTS

Full Day

CPD = 6 Hrs

09.30 FD Case Presentation

Uday Patel

Foundation Training Programme Director

Each member of the FD group will be presenting their completed cases to the group and in the presence of the TPD. Requirements and Presentation have been communicated to you separately.

The requirements for this session are that you submit a PowerPoint presentation which should be submitted to arixen@nhs.net by 12.00 noon on **31 May 2019**

Please note there will be no extension to this final submission date.

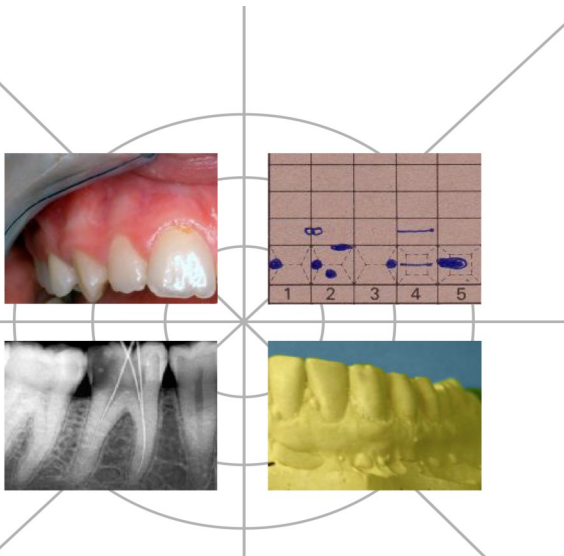

A certificate will be presented to the FD with the best case presentation.

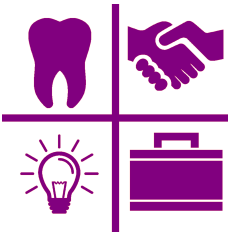

Objectives

- *Every FD to present a single case by PowerPoint to demonstrate clinical competencies in multiple dental disciplines*

Learning outcomes

- *This session will help you with your presentation skills.*
- *This session will enable you to learn aspects of treatment planning and clinical care for your own patients.*

Thursday 20 or
Friday 21 June

Communicating with different personality types

This joint study day, with Stevenage and Bedford schemes, will see the group split over two days.

The schemes will each split in two with 6 trainees attending on 20th June at Bedford or 21st June here at Peterborough.

These places have been allocated by the Training Programme Director so as to ensure there is minimal disruption of clinical hours.

Peterborough Scheme FDs attending:

Bedford

Thursday 20 June

Nikita Bathia

Aditi Goel

Sabinaa Khan

Tina Loganathan

Sanam Malde

Ria Shah

Peterborough

Friday 21 June

Sonia Bhandari

Hemel Mandalia

Aedan Barret Nnochiri

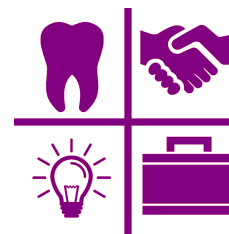

Anika Patel

Cindy Xie

Aysha Younis

Thursday 20 June

Bedford—venue to be confirmed

Full Day

CPD = 6 Hrs

09:10 **Communicating with different personality types**

Kit Maher & Carol Brooking

Cascade

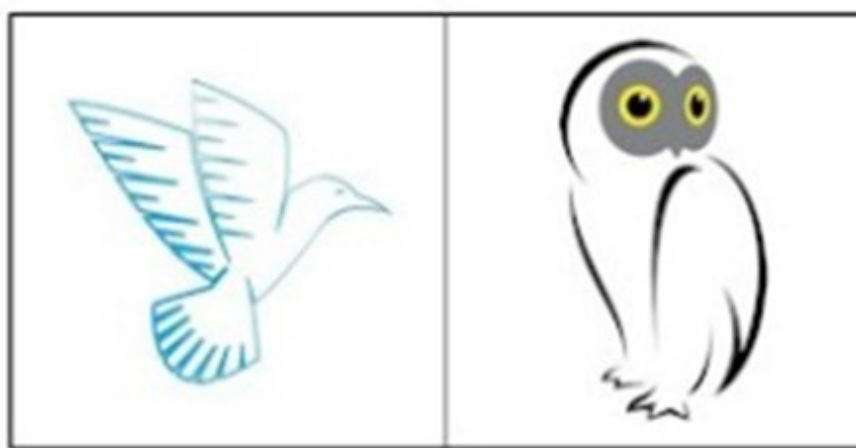

Does it ever seem that even though you're speaking in English with someone, it feels like you're talking a different language?

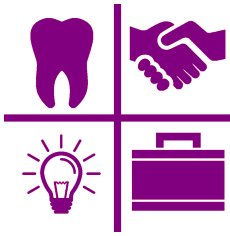

They just don't get what you are saying and you just don't get them. Either they talk too much, too little, too vaguely or too black and white.

Their reasoning doesn't seem to make sense or they just don't seem to take people into consideration. And don't talk to me about the ones who leave things to the last minute or those who have made up their mind before you have even had a chance to think about it!

Well, none of this is random. There is a lot of solid science (and practical experience) behind why interactions go wrong - or right. During this workshop we will give you the tools to :

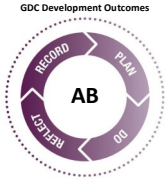

communicate even more efficiently
understand how others think and feel

Friday 21 June

Denis Bracey Room, Learning Centre

be more aware of how people make decisions
motivate someone
stay energised

Using a thoroughly researched and substantiated model of personality we will explore the similarities and differences between us and ways to maximize our interactions with others. In essence we'll learn to speak their language.

Objectives

- *A practical group exercise to help each of us appreciate the similarities and differences in our personalities*

Learning outcomes

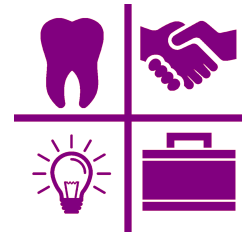

You will have a deeper knowledge and understanding of working with different personality types such that you will have:

- *insight into others*
- *less stress*
- *better communication*
- *fewer conflicts*
- *fewer complaints*
- *more influence*

Friday 28 June

Denis Bracey Room, Learning Centre

Morning Session

CPD = 3 Hrs

09.15 Introduction to Business of Dentistry

Raj Wadhvani

General Dental Practitioner & Educational Supervisor

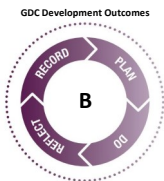

This session will help us to appreciate the financial considerations when it comes to running a dental practice.

Objectives

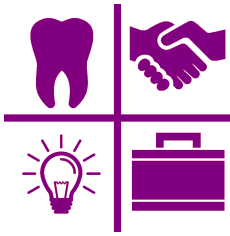

- *Presentation and discussion on the business aspects of dentistry.*

Learning outcomes

- *You will have a better understanding of the financial matters relating to treatment provided for patients in General Practice under the NHS private fee per items scheme and private capitation schemes.*
- *You will learn about the financial management of a general dental practice*

12.15 Lunch

Friday 29 June

Denis Bracey Room, Learning Centre

Afternoon Session

CPD = 3 Hrs

12:45 **ESs to arrive for pre-session briefing**

13:00 **My evaluation of the 2018 - 2019 training year**

All FDs

This is a joint session where all ESs are invited to attend.

On this last study session each FD will share their personal training experience with the rest of the team.

The FDs will prepare a reflective 10 minute Powerpoint presentation. The purpose for which is to tell of their professional journey so far.

Every FD has a different journey. This presentation must be from a personal viewpoint.

The emphasis should be on how the training year has been for them in terms of:

1. Shaping their career as a dentist
2. The successes, the problems, the difficulties or incidents that can be reflected upon
3. Preparing the FD for next year, explaining what they plan to do and why this is the path they take.

There will be a prize for the best presentation that clearly shows they have made the most of the year, learning and developing as a dentist.

Objectives

- *To share the training experience*
- *To learn from each others success and mistakes*

Learning outcomes

- *Learn from the training experience of their peers*
- *Provide a reflective presentation on clinical and non-clinical experiences*
