in Pre-Hospital Emergency Medicine

Pre-hospital Emergency Medicine Sub-specialty Training

This is an exciting opportunity to train in an area of GMC approved sub-specialist practice. National recruitment into sub-specialty training posts in Pre-hospital Emergency Medicine (PHEM) for posts commencing August 2021 or February 2022 opens to applications on **21 September 2020**. These posts are in approved training programmes around the UK.

Further information on what you can expect during training, the national person specification and approved training programmes is available at www.ibtphem.org.uk

Online applications are submitted via https://heeoee.hee.nhs.uk/recruitment_phem .

Closing date: 8 October 2020 (noon). Applicants must have permission from their local Training Programme for the duration of their sub-specialty training.
