

Will deliver the following course as detailed below:

Portfolio Pathway (CESR) 2024

Date: 1st October 2024
Location: Remote Delivery via Zoom
CPD Points: 3
Times: 9am-1pm
Facilitator: Ian Smith

Doctors applying for specialist or GP registration via the portfolio pathway, now need to provide evidence that they have the knowledge, skills and expertise required to practice as a specialist or GP in the UK. The pathway was previously known as the CESR or CEGPR Pathway. This is a result of changing legislation, introduced by the UK Government. It gives more flexibility to accept a broader range of evidence from doctors applying for specialist or GP registration.

Measurable Aims: At the end of this programme, the delegate can:

- 5 of the key parts of the CESR process
- 10 requirements for Primary and Secondary evidence
- The 9 sections in the GMC CV
- List 12 of the requirements in the organisation of your application

The Programme Includes:

- Course introductions, Learning Outcomes and content
- The GMC guidance
- Before you begin-in fact, where do I begin?
- Thinking about 'verifiers' and pro-formas
- Research and process overview
- Speciality Specific Guidance
- Primary and secondary evidence. Organising your evidence.
- Linking to GMC Good Medical Practice Framework
- The stages of the GMC/CV requirements and its importance
- Options for success and non-success of your application:
- Can I appeal? How to appeal
