About the trainer: *Dr Mark Davies, Director* Full time NHS consultant until ten years ago when left to take an MBA and work across a range of sectors including the NHS. Now director of Res Consortium as well as honorary NHS consultant. Delivers educational and service development programmes across the UK with a focus on supporting key clinical groups with extensive work with Consultants, SAS doctors, Clinical Directors and Managers on management and leadership development. Works with all levels of the NHS including providers, commissioners and primary care, delivering wider projects around organisational development, service redesign, commissioning strategy and primary care redevelopment. More specifically with clinicians focuses on key programmes including leadership in service development, appraisal, service redesign, clinical/manager joint working, negotiation, job planning, commissioning, cross agency working, and wider performance issues. Is a visiting lecturer with Nottingham University Health MBA.
