Primary Care Support England

# Performers List and Pensions

# Who we are

On the 1<sup>st</sup> September 2015, Capita plc took on responsibility for delivering NHS England's primary care support service – now called Primary Care Support England (PCSE).

Our priority is to deliver a number of support services throughout the healthcare community. These services range between key administrative and payment services, to managing supplies, performers list and moving medical records.

NHS England's vision is to create a more modern, efficient, easy to use support services.

Address: Primary Care Support England, PO Box 350, Darlington, DL1 9QN

# National Performers Lists

There are three national performers lists operated by NHS England – one for medical, dental and ophthalmic performers.

As a medical professional, it is your responsibility to complete the following:

- NPL1 – This is an entry level application which allows you to be put onto the National Performers List. You can download the form at <https://www.england.nhs.uk/joint/>
- NPL2 – This form needs to be completed if you are moving into a new role which is operating under a different regional NHS team.
- NPL3 – This form needs to be completed if you have changed your name, your address or if you have changed status, e.g. GP registrar to salaried GP, or GP partner to locum or retiring, or if you are changing practice in the same NHS area.

# National Performers Lists

The lists provide an extra layer of reassurance for the public that GPs, Dentists and Opticians practicing in the NHS:

- Are suitably qualified
- Have up to date training
- Have appropriate English language skills
- Have passed other relevant checks, such as with the Disclosure and Barring Service (DBS)

PCSE is responsible for administering entry and status changes to performers lists on behalf of NHS England. The decision to admit or decline an applicant to the National Performers Lists is the responsibility of NHS England.
