
Human Factors & Simulation Training Day

For EOE trainees

Hi-Fidelity SIM scenarios tailored to your specialty and needs, small group sizes

- Human factors
- Emergency scenarios
- Multidisciplinary approach
- Safe space to network and practice clinical skills in a simulated environment

Day 1: Sessions led by an experienced team of clinicians looking at Human Factors and their influence on clinical behaviour

Day 2: An opportunity to put this learning into practice through a series of simulations which will be tailored to the specialties of those attending the course

Human Factors Day - Friday 17th November 2023

Followed by

Simulation Day – Tuesday 28th November 2023
