Simulation Training in the East of England

The East of England offers an extensive range of simulation training tailored to trainees from a wide range of specialty areas. Simulation training is a fantastic opportunity to practice your skills in a safe and non-judgmental environment.

We are committed to delivering high quality simulation training that is accessible throughout the region, so that no matter what specialty you work in and which hospital you are employed by, all of our doctors would have access to simulation training to further develop their clinical, leadership and teamwork skills
