

Information for trainees:	NHSE, East of England	Information for trainers/Specialty Tutors
The following programme is built to allow trainees to use the attendance and learning from the following events to build their portfolio collecting evidence against the SLOs.	ST3 & DRE-EM TRAINING PROGRAMME, 2023-24 Athar Yasin, TPD, EM ST3 & DRE-EM	Should you have any queries about the programme or organisation, please do email me at atharyasin@nhs.net
There may be further dates added to this programme which will be notified in time		

Date	RCEM Specialty Learning Outcome No.	GPCs (Generic Professional Capabilities)	Clinical Presentations with Codes	Comments	Venue	Organiser & deanery contact	Deanery Contact
8th December 2023 Virtual ONLY	SLO3: Identify sick adult patients, be able to resuscitate and stabilise and know when it is appropriate to stop	Domain 2: Professional skills Domain 3: Professional knowledge Domain 5: Leadership & teamworking Domain 6: Patient safety & quality improvement	RP1. Acute Airway obstruction (RC1.Choking, RC2.Stridor) RP2. Anaphylaxis/Anaphylatoid reaction RP5. Respiratory Failure RP6. Sepsis RP7. Shock RP8. Unconsciousness Palliative & end of life care (PaIP1, PaIC7). Knowing when to stop resuscitation: end of life care, how to discuss end of life care with patients and families	Please feel free to include virtual simulation or OSCE	Southend	Dr Ajantha Kurukulasuriya	ajantha.kurukulasuriya@nhs.net
12th January 2024 Face to Face ONLY	SLO1: Care for physiologically stable adult patients presenting to acute care across the full range of complexity (Mental Health) SLO7: dealing with difficult situations in the workplace: MH patients SLO1: Care for physiologically stable adult patients presenting to acute care across the full range of complexity (Obstetrics & Gynaecology, Sexual Health)	Domain 1: Professional values/behaviours Domain 2: Professional skills Domain 3: Professional knowledge Domain 4: Health promotion/ illness prevention Domain 5: Leadership & teamworking Domain 6: Patient safety & Quality improvement Domain 7: Capabilities in safeguarding vulnerable groups	Mental Health: Suggested Topics -include any of: MHP1. Aggressive or disturbed behaviour & rapid tranquilisation MPH5. Refusal of treatment, capacity assessment, Mental Health Act and Mental Capacity Act Disclosure of information to the police MHC3: eating disorders MHC5: acute psychosis including bipolar & schizophrenia Obstetrics and Gynaecology Emergencies: suggested topics -include any of: ObC1. Ante-partum haemorrhage ObC3. Exposure to infections during pregnancy eg chickenpox ObP4. Genital injury/Assault/female genital mutilation ObC4. Ectopic pregnancy ObC6. HELLP ObP7. Patient in labour ObC9. Maternal Collapse ObC10. Post-partum haemorrhage ObC11. Pre-eclampsia/eclampsia ObC17. Thrombosis during and following pregnancy ObC18. Trauma in pregnancy SLO1: Sexual Health: Sep1 (genital discharge), Sep2 (Genital Lesions), Sep3 (emergency contraception), Sep4 (post-exposure prophylaxis), Sec2 (sexual assault), Sec 3(Sexually transmitted infections)	Please feel free to include any topics from this list -you are not expected to cover all the topics. Feel free to use simulation /workshops etc eg for challenging management scenarios eg how to manage the patient who refuses treatment, rapid tranquilisation, and for O&G emergencies such as trauma in pregnancy, ectopic pregnancy, eclampsia.	Ipswich Hospital	Dr Alexandra Newman	Alexandra.Newman@esneff.nhs.uk
9th February 2024 Face to Face ONLY	SLO1: Care for physiologically stable adult patients presenting to acute care across the full range of complexity ((Older patients with complex co-morbidity in the ED). SLO1: Oncology Emergencies, Infectious diseases, Sexual Health) SLO 2: support the ED team	Domain 2: Professional skills (clinical skills) Domain 3: Professional knowledge Domain 4: Capabilities in health promotion and illness prevention Domain 6: Capabilities in patient safety and quality improvement Domain 7: Capabilities in safeguarding vulnerable groups	SLO1: Elderly Care EIC1. Comprehensive Geriatric Assessment EIP1. Delirium EIP3. Falls EIP4. Fragility fractures EIP5. Frailty EIP6. Hypothermia EIP10. Unsteadiness/ balance disturbance XC3. Safeguarding in adults SLO1: Oncology Emergencies: Onc P1: presentations of cancer that may be seen in the ED. Onc C1: complications related to local tumour progression, eg cord compression, SVCO. OncC2 (complications related to treatment, eg tumour lysis, neutropaenic sepsis) Onc C3 (biochemical complications, eg hypercalcaemia) SLO2: eg clinical decision-making under pressure, factors that affect our decision-making, heuristic biases, strategies for dealing with uncertainty	Please feel free to accommodate any topic from the list in the programme you can.	Broomfield Hospital	Dr Alexander Heatt	a.heat@nhs.net
8th March 2024 (Virtual ONLY)	SLO9. Support, supervise and educate SLO1: Care for physiologically stable adult patients presenting to acute care across the full range of complexity (Endocrine)	Domain 1: Professional values and behaviours Domain 8: Capabilities in education and training	SLO1: Endocrinology EnP1. Addisonian Crisis EnP2. Hyperglycaemia EnP3. Hypoglycaemia EnC2. DKA EnC3. Diabetic foot EnC6. Thyroid emergencies SLO9: *How to deliver teaching session (and the RCEM structured teaching assessment tool) *Principles of adult learning *Art of delivering effective feedback to junior colleagues *Supervising junior clinicians/ undergraduates	Please feel free to accommodate any topic from the list in the programme you wish. You are not expected to include every topic. If you wish you could incorporate a virtual OSCE to demonstrate how teaching is assessed in the RCEM exams.	Harlow	Dr Suneil Rammani	suneil.rammani@nhs.net

<p>12th April 2024 Split Site (Face to Face only).</p>	<p>SLO 6: Delivery key procedural skills (please use various methods including using manikins, simulated scenarios, practical demonstrations etc)</p>	<p>Domain 1: Professional values and behaviours Domain 2: Professional skills</p>	<p>*Paediatric Sedation, *Non-invasive ventilation, *Advanced airway management *Open Chest Drain *Fracture/ dislocation manipulation *External pacing *Emergency delivery Other ST3 SLO 6 procedures from RCEM list</p>	<p>Please feel free to accommodate any topic from the list in the programme you can. You are not expected to include every topic.</p>	<p>Watford General Hospital and Kings Lynn -split site</p>	<p>Dr Rajesh Vasiraju (Watford) Jolene Rosario (Kings Lynn)</p>	<p>Dr rajesh.vasiraju@nhs.net jolene.rosario@qehkl.nhs.uk</p>
<p>10th May 2024 Virtual ONLY</p>	<p>SLO1: Care for physiologically stable adult patients presenting to acute care across the full range of complexity (Vascular, Urology Emergencies, infectious diseases, Dermatology SLO6: Ultrasound in resus patients (shock, acute SOB) SLO 10: Participate in research and managing data appropriately SLO 11: Participate in and promote activity to improve the quality and safety of patient care</p>	<p>Domain 1: professional values and behaviours Domain 2: Professional skills Domain 3: Professional knowledge</p>	<p>SLO1: Vascular & Urology Emergencies Infectious Diseases and Dermatology: eg: IP2: pyrexia in returning travellers, IC7 Malaria, IC6 PUO DP1: Dermatological manifestations of systemic illness, DP2 rashes, DC4 erythroderma, DC6 Necrotising fasciitis, DC9 Stevens Johnson/DRESS, DC10 Toxic epidermal necrolysis UP4 Testicular pain and swelling, UC5 testicular torsion, UC2 renal stone disease, UP6Haematuria VCI ACU2 renal stone disease, VC2: aortic aneurysm disease, VC3 DVT SLO10: Appraise, synthesise and communicate research evidence/critical literature appraisal SLO11: Understanding of methodology of Quality Improvement and QIAT *How to handle a complaint and prepare a report *Serious incident investigation, how to use incidents & complaints to improve care</p>	<p>Please include sessions on SLO10 and SLO11. For SLO1 feel free to include any topics from the list in the programme you wish. You are not expected to include every topic.</p>	<p>Colchester</p>	<p>Dr Daniel Stanciu, daniel.stanciu@colchesterhospital.nhs.uk</p>	<p>daniel.stanciu@esnef.nhs.uk</p>
<p>5th July 2024 (Face to Face ONLY)</p>	<p>Presentation day</p>			<p>ACCS & CT3/ST3 DRE-EM combined</p>	<p>Bedford Hospital</p>	<p>Dr Richard Austin</p>	<p>richard.austin@bedfordhospital.nhs.uk</p>
<p>14th June 2024 (Face to Face ONLY, split site)</p>	<p>SLO1: Care of physiologically stable adult patients presenting to acute care across the full range of complexity: Renal Medicine Preparation for ST4: SLO7. Dealing with complex challenging situations in the work place. SLO12: Manage, Administer and Lead</p>	<p>Domain 2: Professional skills Domain 3: Professional knowledge Domain 4: Health promotion & illness prevention</p>	<p>SLO1: Renal Medicine NepP1 - Electrolyte disorders Nep P1 Oligouria and Acute Kidney Injury Nep C2: Drugs and the kidney Nep C3: renal replacement therapy SLO7 and SLO12: *How to deal with patients who appear angry or distressed, resolving conflict *Interaction with difficult colleagues *managing the Department at night, maintaining situational awareness. *multitasking: how to do this safely *time management * intray exercise</p>	<p>Please include whichever topics you wish, and feel free to use interactive methods, simulation, workshops etc to teach the leadership topics. For SLO1 feel free to include any topics you wish. You are not expected to include every topic.</p>	<p>Lister Hospital/James Paget</p>	<p>Dr Elizabeth Turner (Lister), Dr Jim Crawford (James Paget)</p>	<p>James.crawford@jpaget.nhs.uk elizabethturner3@nhs.net</p>
