# Life for a Trainee can be tough ...

In the words of Adam Kay

"You sail the ship. A ship that's enormous and on fire and that no one has really taught you how to sail. You're bleeped by ward after ward, nurse after nurse".

> "You trail behind like a hypnotised duckling"

**NHS** Health Education England

"The bad news was I'd slept through my alarm but the good news was I'd woken to find myself in my car in the hospital's car park. It turns out I'd fallen asleep in my car after finishing my Christmas Eve shift."

## Aims of the Professional Health Education England Support & Well-being Service

#### **Well-being**

Supporting Educators and Trainees to be as effective as possible in their roles.

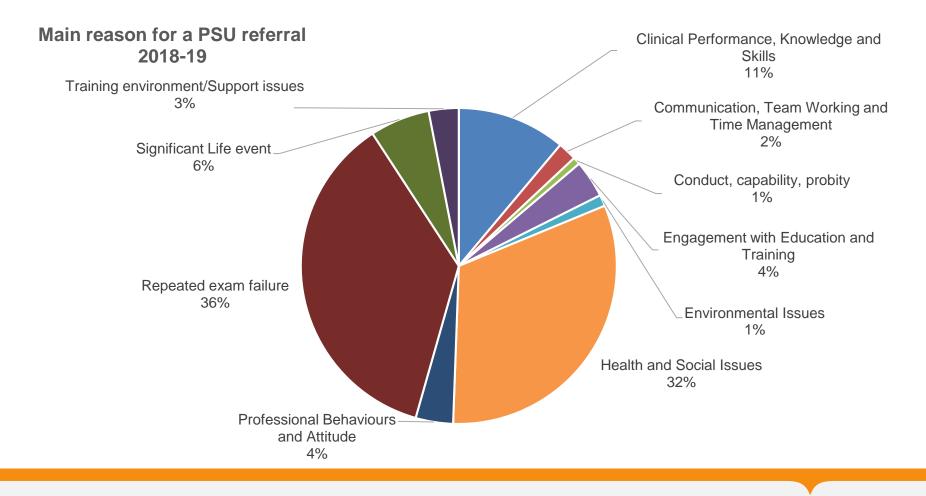

#### **Professional Support**

Providing fast access to specialist support and on-going case management.

## **PSU referrals**

- For 2017-2018, 232 referrals received; a 50% increase from 2016-17.
- PSU for 2018-19 so far has received new 289 referrals.

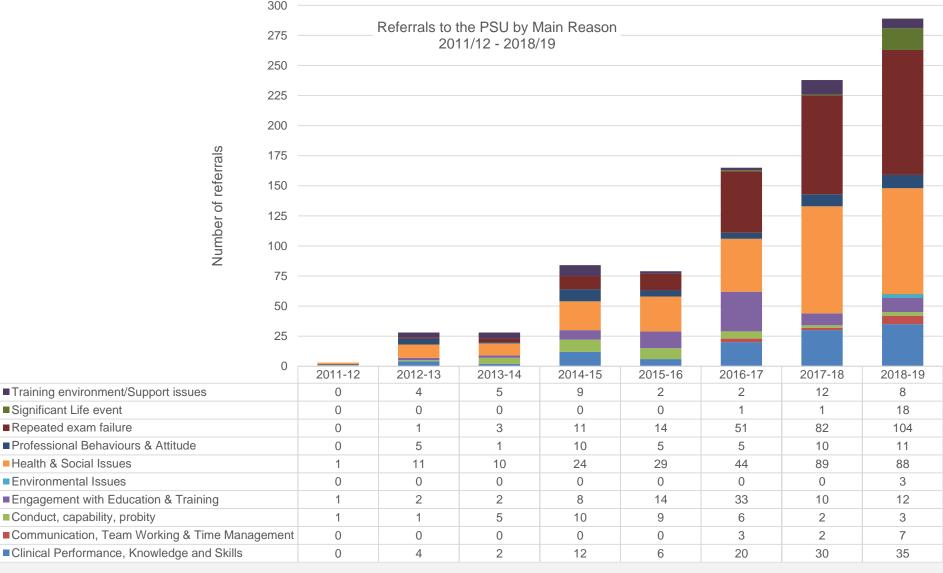

## **Overview of referrals since the PSU started**

Total number of referrals to the PSU 2011/12 - 2018/19350 289 300 238 250 200 165 150 84 79 100 28 28 50 3 0 2011-12 2012-13 2013-14 2014-15 2015-16 2016-17 2017-18 2018-19

## Overview of referrals since the PSU started

**NHS** Health Education England

## **Areas of Concern**

Clinical Performance and Progression	Communication		Life Events
(clinical mistakes, critical incidents, lack of knowledge and skills)	(patients/ families, team members, poor time keeping, lack of accessibility)		(stress, anxiety, family and personal problems and bereavement)
Attitudes and Behaviours		Sickness and III	Health
(defensive reactions, volatile behaviour, attitude problems, anger, probity, GMC, convictions and cautions)		(acute or chronic illness, frequent periods of leave, over or under motivated, reasonable adjustments)	
Environmental Issues		Lack of Engagemen	nt with the Training

(organisational, workload, bullying and harassment)

## Programme

(exam failure and anxiety, lack of engagement with ePortfolio, adverse ARCP outcomes)

## **Personal Case Study**

How were you alerted to the possible difficulties the trainee had?

Was it an isolated instance or were you aware of a repeating pattern of concerns?

What information did you need to help the trainee (e.g. observations, workplacebased assessments, reported concerns from others in the team)?

What solutions did you find / What was the outcome

## Step 1:HealthBeing aware there is a problem

- Difficult relationships with colleagues
- Social and communication skills
- Ineffective management of stress and emotions
- Poor organisation
- Lack of clinical leadership / complex clinical decision making

### **Recognising Early Warning Signs**

The 'Disappearing Act'

Low work rate

'Ward Rage'

Rigidity

'Bypass Syndrome'

**Career problems** 

Insight failure

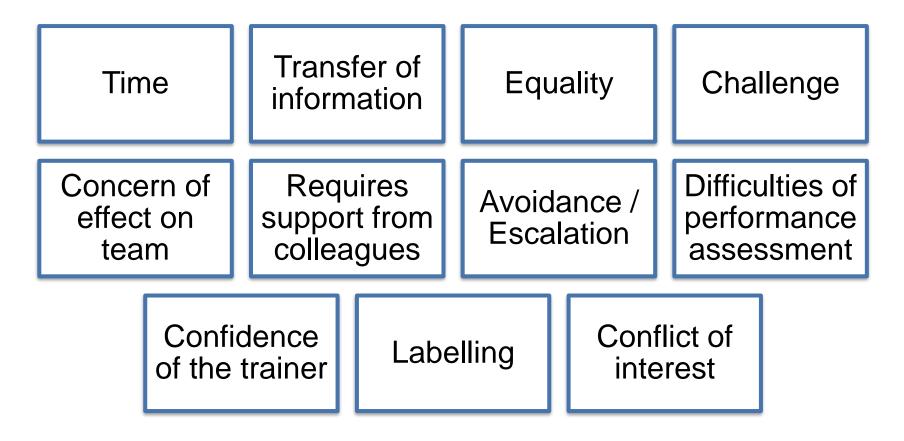

## Step 2: Preparing to 'tackle' the issue

#### What are the barriers?

## Step 2: Heal Preparing to 'tackle' the issue.

#### **Barriers**

- Fear of confrontation
- Fear of retaliation
- Denial
- Lack of confidence in skills
- Lack of "evidence"
- Desire to rescue or protect
- Avoidance
- Frustration
- Helplessness

Steinert, 2008 "The problem junior: whose problem is it?" BMJ, Vol.336,pp.150-153)

## Well-being support services

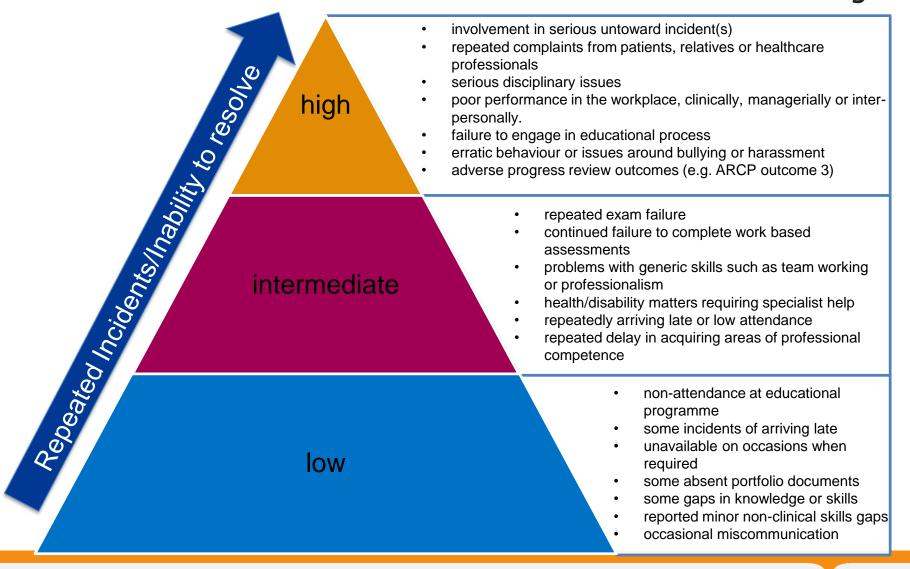

**NHS** Health Education England

Neuro-diverse conditions	Exam Support Workshops
Self-Referral for Serious or Traumatic Incidents in the Workplace	Communication Skills Workshops
Coaching and Mentoring	Careers Support –
Programme	expanding and developing
Cultural Safety / differential	Masterclasses for
attainment	Educators

In addition to this:

For GPs: Access to *FourteenFish* LTFT/OOP advice

#### Scale of concern: examples of TiD Health Education England

TiD=trainee in difficulty

HEE EoE Professional Support Unit (2018)

#### **NHS** Health Education England

## Case Study 1

Trainee referred to the Professional Support and Well-being service following their resignation:

- Trainee has resigned from the GP programme, subsequently retracted their resignation and then resigned again.
- Following the second resignation, the trainee failed to turn up to work and did not communicate plans with all relevant parties resulting in an overpayment of salary.
- Colleagues have raised concerns regarding difficult personal circumstances but it is unclear what these circumstances are.

### **Case Study 1: Outcomes**

The trainee was seen by a Case Manager and disclosed financial difficulties and a number of close family deaths.

The PSW offered / signposted to:

- Charitable financial support
- Psychological support and
- Bereavement counselling

## Case Study 2

Trainee referred to the Professional Support and Well-being service with issues identified in a number of areas:

- involved in a number of complaints from both colleagues and patients
- history taking is repeatedly poor
- failure to respond when on-call
- repeatedly failed membership exams
- frequently off sick
- slow to complete tasks
- has shouted at secretaries and ES
- lack of engagement with peers and teaching opportunities
- denies knowledge of complaints
- suggests no contributing factors
- has worked as a Trust grade doctor for 15 years before commencing CMT training
- feels inappropriately supported and persecuted by trainers and Trust Management.

### **Case Study 2: Outcomes**

The trainee was seen by a Case Manager. During the meeting, they struggled to make eye contact, avoided answering questions and referred only to good ARCP outcomes. The trainee denied knowledge of the concerns and complaints raised and suggested that there were no external factors at play.

The PSW offered to:

- Facilitate a remedial training placement
- Seek further information from the Trust regarding any patient and colleague complaints (via the exception reporting route)

The PSW also referred the trainee to:

- Occupational health
- Communication Skills coaching

## What is your role?

**NHS** Health Education England

Role	Low level concerns	Intermediate level concerns	High level concerns
Educational Supervisor	<ul> <li>Meet the trainee</li> <li>Liaise with the Clinical Supervisor</li> <li>Modify trainee's personal development plan (PDP) in order to achieve realistic measurable objectives</li> <li>Monitor progress</li> <li>Discuss with TPD if necessary</li> <li>Discuss the possibility of a referral with the PSU</li> </ul>	<ul> <li>Ensure appropriate levels of supervision are available</li> <li>Review objectives and assess whether there is a need for further training and assessment</li> <li>Closely monitor progress and document all meetings held with the trainee</li> <li>Involve the TPD/FTPD if performance is not improving</li> </ul>	<ul> <li>Ensure appropriate supervision is always available – especially out of hours</li> <li>Provide additional training as required</li> <li>Gather further assessments of performance</li> <li>Regular communication with the TPD/FTPD</li> <li>Refer to the PSU</li> </ul>

• Refer to the PSU

## What is your role?
